Detailed description of project					Type of services provided		
<p>The general objective of the Project is to contribute to the development of all targeted segments of a free and competitive Palestinian economic system, through cooperation between public and private sectors.</p> <p>Specific objective: to strengthen competitiveness of local companies and especially MSME, in order to increase their market share on local market and/ or explore new markets for export through (i) supporting the structuring of productive industries and/ or sub-industries. This involves creating networks between stakeholders belonging to the same economic sector and same value chain in a given geographical area through a cluster approach, and (ii) enhancing dialogue and public-private partnerships.</p> <p>The project is divided into three main components and they are:</p> <ol style="list-style-type: none"> <li>1- Technical assistance to cluster,</li> <li>2- Support for clusters' collective projects, and</li> <li>3- Public private dialogue and capitalization</li> </ol>					<ul style="list-style-type: none"> <li>• Technical advisory</li> <li>• Administrative and Logistical support</li> <li>• Financial management support</li> <li>• Project startup</li> </ul>
