Detailed description of project					Type of services provided		
<p>Al-Siyadeh programme is in line with the Palestinian Reform and Development Plan, the PA's Two Year Plan for Statehood and the PA's Public Financial Management Strategy. EU support to the Siyadeh programme is foreseen in the EU Sector Strategy Fiche on Public Financial Management. The Al Siyadeh Programme is a major program under this policy and is designed to support a state building process based on international standards and best practices through identifying revenue, trade management and security challenges, and adapting them to the changes of the 21st century, meeting and setting regional, and international standards as well as best practices, in order to progressively assume the responsibility of a sovereign nation capable to implement border management and revenue policies in Palestine.</p> <p>In order to support the development of institutions to meet their national, regional and international responsibilities, the Al Siyadeh Programme will cover the development of Trade management, Revenue collection and Security and Institutional capability.</p>					<ul style="list-style-type: none"> • Contract management • Administrative and Logistical support • Financial management support
